MICROVERSE

Remote

Mentor (Volunteer)

March 2022 – August 2022

- Mentored 2+ junior web developers per week, providing technical support through code reviews.
- Proposed improvements to code organization to improve code quality and overall performance.
- Provided advice and tips on maintaining motivation to maintain longevity in the program.

Project Management

- Managed a total of 3 web development projects as a team leader, utilizing project management tools such as Kanban boards to track progress and ensure timely delivery.
- Led teams of 4-5 developers in coordinating tasks and ensuring projects were completed within 2-3 weeks.
- Communicated project status and progress to code reviewers and made adjustments as necessary to ensure project success, with a success rate above 95% on all projects managed.

EDUCATION

MICROVERSE

March 2022 – December 2022

Remote Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

Virtual University Of Pakistan

- **Bs Bachelor of Business & Technology**

October 2018 – February 2022
